## Aging Agency Alerts Older Adults to Part D Changes

March 31 is an important date for those older adults enrolled in Medicare Part D plans. That is the last day that insurance providers can make changes in the types of drugs they will cover. On April 1, some drugs that were part of those in offered plans may no longer be covered.

"It will be up to individuals to check with their Part D insurance provider to make certain their drugs are covered and there have been no changes to their plan. Changes may take place and these do not constitute fraud. Enrollees are not required to be notified of any plan changes," said Melissa Durr, CEO of the Indiana Association of Area Agencies on Aging.

Durr urged older adults and those with disabilities who have signed up to verify any changes and if a change has occurred in the formulary (the list of drugs covered) to file an exception. "Enrollees may also want to talk with their physician about whether a generic drug would be an option in case a brand name is no longer available through their plan," Durr suggested.

Durr also cautioned that some drugs may have been approved only for the transitional period (November 15 – March 31) and may no longer be covered.

"We would like as few surprises as possible for consumers when they begin to refill prescriptions next weekend," Durr continued.

It is also important for consumers to know that if the drug formulary for a plan is changed, there may also be price changes. When checking prices on websites, it is important to know that there is a price differential that averages about five percent higher or lower than what consumers will actually pay.

Durr reminds older adults that if they have questions about what is covered, they should call their insurance plan, check the Medicare website or call Medicare directly at 1-800-MEDICARE. Any other questions or assistance regarding potential fraud issues can be addressed by calling the local Area Agency on Aging at 1-800-986-3505.

## Medicare Scams

The Better Business Bureau has received several telephone calls recently from consumers regarding calls about Medicare trying to get their personal information. The callers have been foreign-speaking and caller ID does not show up on the consumers' phones.

One scam has been dub a "\$299 Ring" as \$299 is the typical amount of money Medicare beneficiaries are talked into withdrawing from their checking accounts to pay for a non-existent prescription drug plan. Taking advantage of the new Part D Medicare Prescription Drug Benefit that took effect January 1, scammers try to talk Medicare beneficiaries into giving up their Medicare number and personal information, claiming that they must pay a "one time fee" to keep their coverage. Schemes derived from the \$299 Ring scam may also have variations including bogus companies claiming to be affiliates or representatives of Medicare or Social Security, solicitations for "free" health exams or large discounts on medications, or charging seniors to advise them about which drug plan to use, a service that is available for free.

Complaints have been made against a number of different companies, but authorities believe that the companies are the same and typically based outside the United States.

Legitimate Medicare drug plans will not ask for payment over the telephone or the Internet. They must bill the beneficiary for the monthly premium. Typically, the amount is set up as an automatic withdrawal from the beneficiary's monthly Social Security check.

Beneficiaries may also opt to pay the monthly premiums in other ways such as writing a check or setting up automatic payments from their checking accounts. No Medicare drug plan can ask a person with Medicare for bank account or other personal information over the telephone, and no beneficiary should ever provide that kind of information to a caller. They should contact their local police department if they believe someone is trying to take money or information from them illegally.

With a Medicare number, scammers can skim thousands of dollars from Medicare funds. Medicare fraud costs Medicare billions of dollars every year, resulting in higher Medicare premiums, deductibles and co-payments. Losses due to fraud may also prevent Medicare from offering more services and better coverage.

Some of the techniques scammers are using to obtain your Medicare number are:

- Calling you with a variety of offers that require your Medicare number.
- Offering "free" health exams or other health

### Remain Flexible with Your Attack on Broadleaf Weeds

There are many factors that come into play each spring that affect how and when you apply your broadleaf herbicide.

Weather can close the application window altogether, while tillage practices, crop rotational restrictions or local use restrictions can severely limit the use of a herbicide.

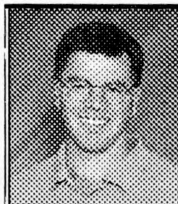

That's why it pays to use a flexible broadleaf herbicide — one that fits your changing spring schedule.

**Hornet® WDG herbicide** offers:

- The ability to choose the application rate and timing that best fits your weed spectrum and farming practices
- Flexibility to make a soil application or a post application up to V6 corn
- Tank-mix flexibility with nearly all other grass and broadleaf post corn herbicides
- Rotational freedom to soybeans, alfalfa, wheat and other crops
- No setback restrictions, since it contains no atrazine.

Hornet WDG controls large-seeded broadleaf weeds, including common and giant ragweed, velvetleaf, cocklebur and sunflower. And when Hornet WDG is used in a soil-applied tank mix with either **Surpass®**, **TopNotch®**, **FulTime®**, **Keystone®** or **Keystone LA herbicide**, you get a broad-spectrum weed control program.

Ask your ag retailer about how the flexibility of Hornet WDG can benefit your corn production this year. Or visit [www.HornetWDG.com](http://www.HornetWDG.com).

BEFORE THE COUNTY COUNCIL  
COUNTY OF FULTON, INDIANA  
RESOLUTION NO. 032106  
DECLARATORY RESOLUTION FOR  
DESIGNATION OF AN ECONOMIC  
REVITALIZATION AREA AND APPROVAL  
OF TAX ABATEMENT FOR SPEEDWAY  
SAND & GRAVEL, INC.

WHEREAS, the County Council of Fulton County, Indiana is authorized under the provisions of I.C. 6-1.1-12.1 et seq. to designate areas of Fulton County, Indiana as Economic Revitalization Areas for the purpose of tax abatement; and

WHEREAS, Speedway Sand & Gravel, Inc., has submitted to the County Council a Statement of Benefits and Petition as application for a personal property tax abatement; and

WHEREAS, the County Council has found that the property commonly known as 2896 South 1600 East, Silver Lake, Indiana, is located within the jurisdiction of the County Council; and

WHEREAS, based on the information provided by the applicant, the above-described area has become undesirable for, or impossible of, normal development and occupancy inasmuch as in order for the property to be used for the industrial purposes of the applicant, new machinery needs to be installed at this time; and

WHEREAS, the applicant has paid the \$250 application fees required by the Fulton County Ordinance #052389; and

WHEREAS, this Council has considered the Petition, Statement of Benefits (Form SB-1/PP), and the factors set forth in Section Three of the Ordinance namely: whether the application complies with the statutory requirements; whether the proposed improvements will create additional employment opportunities; whether the designation will stabilize or improve the property values in the area; whether the land involved meets the statutory requirements for being declared an Economic Revitalization Area; the effect of the proposed improvements on surrounding areas and on property values of surrounding property and the environment; the past performance and reliability of the Petitioner, and the credibility of the proposed project; the effect which the project's property tax abatement will have on revenues for the County; and

WHEREAS, this Council has determined, based on the information provided by the applicant, that the proposed real estate has experienced slow growth which has impaired values and prevented normal development of the property, as stated in the Petition; and

WHEREAS, the proposed site complies with the standards established by this Council in Ordinance # 052389 adopted May 23, 1989, for determining Economic Revitalization Areas within the jurisdiction of the Council, as shown by the information provided in Speedway Sand & Gravel, Inc.'s Petition and the Statement of Benefits, as required by state statutes.

OW, THEREFORE BE IT RESOLVED by the County Council of Fulton County, Indiana, that the following findings are made:

1. The estimate of the value of the investment in personal property is reasonable for projects of this nature
2. The estimated number of individuals who will be employed can reasonably be expected to result from the proposed project.
3. The estimate of the annual wages and salaries of those individuals who will be employed can reasonably be expected to result from the described project.
4. The other benefits as outlined in the application can reasonably be expected to result from the described project.

5. The totality of benefits to the community is sufficient to justify the deduction.

BE IT ALSO RESOLVED, that the area herein above described should be and hereby is declared to be an "Economic Revitalization Area" as that term is defined and intended in I.C. 6-1.1-12.1 et seq.

BE IT ALSO RESOLVED, that the abatement permitted pursuant to this resolution is for personal property, i.e. new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new technology equipment, as set out in I.C. 6-1.1-12.1 et seq.

BE IT ALSO RESOLVED, that the deduction permitted for the personal property, i.e. new manufacturing equipment, new research and development equipment, new logistical distribution equipment, and new information technology equipment, is allowed for a period of up to ten (10) years.

BE IT ALSO RESOLVED, that the determinations made in this Resolution shall be subject to the compliance review provided in I.C. 6-1.1-12.1 et seq., of the state statutes.

BE IT FINALLY RESOLVED, that there shall be published notice of the adoption and substance of this Resolution in accordance with I.C. 5-3-1, which notice shall name a date for the public hearing on this matter and state that at the conclusion of said public hearing, the Council may take final action either confirming, confirming and amending, or rescinding the proposed designation.

### IN MEMORY

DENNIS A. SMITH

13 January 1944 / 31 March 2001

Dear Dennis,

It has been five years since you passed and my world disintegrated. I didn't want to ever live in Widow World. Yet slowly, gradually, I have accepted this new place...*because I can.*

I sold your tools. I had originally wanted to keep some of your tools for myself, but that was wrong. Your tools were made for your hands, not mine. So I purchased my own tools. They were made for my hands. I like my mallet and my red drill and my screwdriver with the ceramic handle painted with pink and blue flowers. And I enjoy using my tools the way in which they were intended...*because I can.*

I couldn't but things marked "Assembly Required". That was your job. I finally made a few of these purchases because I really wanted some things and they required assembly. At first, I would put a leg on upside down, only to then remove it and reassemble it correctly. I have since learned to follow your example of reading the instructions first. I do not hesitate now to purchase items that ask me to assemble them...*because I can.*

This journey through Widow World has not been an easy one. There are sudden twists and turns, only to be faced with emotional roadblocks, seemingly too immense to remove. And, yet I stumble along, growing in the process. Today, five years later, I look back, and I see myself moving forward...*because I can.*

LOVE, KRISTAL
